

# Doubles Snap!!

## Play in pairs

You will need:

- ten frame cards
- some counters
- a hundred's chart

## How to Play:

- Put all your ten frame cards in a pile between you.
- Player 1 turns over the top card.
- Both players think... "What is the **double** of that?"
- The first player to say the double fact wins the card.
- The other partner puts a marker on the hundreds chart to show the doubles fact.
  
- Keep playing until the cards run out.
- What numbers did you cover up? How are they alike?
